Design + Engineering
PRODUCT-MINDED

Independent
REMOTE AVAILABLE

PROFILE

Frontend engineer and UI/UX designer with 15+ years of experience designing, building, and shipping web applications. Specialized in Angular and TypeScript, with a focus on scalable frontend architecture and thoughtful user experiences. I connect design, development, and delivery to turn complex requirements into production-ready products.

EXPERIENCE

2021
2024

Senior Frontend Developer → Lead Designer

Mediio GmbH · Remote · 3 yrs

- Led frontend architecture and component-system design for a medical platform in production across hospitals.
- Managed team design decisions, setting direction and aligning engineering and UX across the product.
- Transitioned into a hybrid Lead Designer role, owning design system governance and UX standards.

STACK: Angular · Material · TypeScript · Figma

Feb 2011
Jul 2021

Frontend Developer

censhare AG · Freiburg, Germany / Remote · 10 yrs 6 mos

- Built and maintained complex UI systems for enterprise DAM/CMS platforms used by global clients, including high-traffic websites with millions of monthly views.
- Optimized frontend performance for large-scale applications, improving load times and responsiveness across content-heavy platforms.
- Developed scalable, reusable components in JavaScript within long-running enterprise systems.
- Took on senior responsibilities: architecture decisions, code reviews, and onboarding engineers.

STACK: JavaScript · TypeScript · HTML / CSS · Adobe CS · Agile / Scrum
